

SLAVERY AND OTHER FORMS OF STRONG ASYMMETRICAL DEPENDENCIES IN OTTOMAN SOUTH EASTERN EUROPE

VIRTUAL WORKSHOP
JUNE 23, 2022
ONLINE VIA ZOOM

THE BONN CENTER FOR DEPENDENCY AND SLAVERY STUDIES

hosts the Cluster of Excellence "Beyond Slavery and Freedom", which aims to overcome the binary opposition of "slavery versus freedom". We approach the phenomenon of slavery and other types of strong asymmetrical dependency from methodologically and theoretically distinct perspectives.

The workshop wants to analyze slavery and other forms of strong asymmetrical dependencies in Ottoman South Eastern Europe. We look to the Ottoman Empire from different angles and are thus interested not only in an Istanbul-centered perspective, but also in studies concerning regional aspects in its European provinces and border-regions – from the Crimean Khanate to Dalmatia, from Hungary to Crete, including connections with neighbouring regions.
